

# Fifteen storey buildings in my suburb, Lidcombe **NO WAY!**

Well, it will happen, unless the community speaks up

Auburn Council has given YOU until Wednesday, 29th November to write or email them to put a stop to this nonsense (refer to map on back to see what heights are proposed, and where).

Do you want tall buildings in Lidcombe town centre (8 storey & 15 storey)? We don't, and neither did the majority of residents at the public consultation meetings.

Do you think that Auburn town centre is overcrowded? We do. We think it's a mess and we don't want the same thing to happen to Lidcombe. We don't want parking problems, noise, loss of sunlight and hardly any shops in Lidcombe. We want an area that is easy to reach on foot or by car where we can get what we need. We believe that the shopping centre should consist mainly of shops and offices. Some residential development is ok, but the emphasis should be on the 'shopping' part of the shopping centre. This will also create much needed employment opportunities.

**Please act NOW! (Submissions close 29 Nov)**

## Who voted for 15 storeys for parts of Lidcombe?

**Unity ....** Cr Le Lam Mayor and Cr Jack Au.

**Labor ....** Cr Pat Curtin Deputy Mayor, Cr George Campbell and Cr Hicham Zraika

*Ask them why they think it's a good idea and don't let them tell you that they're only following orders from the State government.*

**It's the Councillors role to represent YOU ....  
and remember these parties/councillors when you next vote.**

*Your views are important to Auburn Council. They won't go ignored.*

*If enough residents complain about this plan to ruin Lidcombe Town Centre the Councillors will notice and should change their minds.*

**It's up to YOU to save our suburb and it's worth the fight.**

## IS THIS WHAT YOU WANT?

This is what the majority of Councillors are supporting. The figures show the maximum number of floors that will be "officially" permitted around the Town Centre. However based on previous decisions by these councillors, we ask "But, will they allow even higher?"
